

# SCHEDULE

## TRIMBLE FORESTRY USER CONFERENCE 2025 MAY 13-15, 2025 | HOUSTON, TEXAS

The program consists of **general sessions** at the beginning and end, with **four simultaneous tracks** between them. You can participate in the sessions of different tracks according to your interests. Also, don't miss out on all the great **networking opportunities** at the Welcome reception, breakfasts, lunches and dinners.

### About the Tracks

**Access the Experts:** Learn the best practices to use CFForest: LRM and CFBusiness: LIMS in your work.

**Product Showcases:** Learn about Trimble Forestry's latest innovations.

**Demo Sessions:** See how our latest innovations work in action.

**Workshops:** Hands-on sessions where you can try out how our latest solutions work. Bring your Windows-enabled laptop.

**Special Topics:** Roundtable discussions to shape the future of CFForest: LRM and CFBusiness: LIMS. Guest speakers and other interesting presentations.

At the end of each session description, you will see who we think will particularly benefit from that session.

### Tuesday, May 13

Time	Welcome   The Landing
6 - 9	<b>Registration</b>
6 - 9	<b>Welcome Reception:</b> Join us for a drink and Hor d'oerves

# Wednesday, May 14

Time	General sessions   Post Oak Ballroom D-G
7 - 9	<b>Registration</b> at the Greenway Foyer
7:45 - 8:45	Breakfast at the Greenway Ballroom A&B
9 - 9:20	<b>Welcome</b>   Kevin Toohill, General Manager, Trimble Forestry
9:20 - 10:15	<b>Product Roadmap</b>   Stefan Lorimer, Sr. Product Management Director
10:15 - 10:30	Coffee break at the Greenway Foyer
10:30 - 12	<b>Product Announcements</b> Radhika Raj (Platform), Juha Käppi, (Connected Forest®) and Mika Suojärvi (Industrial Data Analytics) present the latest innovations in our product portfolio.
12 - 1:30	Lunch break at the Greenway Ballroom A&B

Time	Access to Experts Post Oak C	Product Showcases Post Oak D-G	Workshops Post Oak B	Special Topics Post Oak A
1:30 - 2:20	<p><b>What's new in CFBusiness: LIMS</b> Learn about changes in the latest release of CFBusiness: LIMS Desktop, CFBusiness: LIMS Web and WeighWiz.</p> <p>Presenter: Ian Finlay</p> <p><i>All CFBusiness: LIMS users, Administrators</i></p>	<p><b>Introducing Inventory Management on the Platform</b> Discover how you can get a comprehensive view of your inventory across the supply chain with our upcoming inventory management product</p> <p>Presenter: Radhika Raj</p> <p><i>Inventory Managers, Forest Owners</i></p>	<p><b>CFForest: LRM Web</b> Migrating to and Using CFForest: LRM Web</p> <p>Presenters: Garry Dalgarno and Alex Aippersbach</p> <p><i>Foresters, Planners, IT</i></p>	<p><b>Enhancing Forestry Operations with Trimble Maps</b> Discover how Trimble Maps can enhance your Forestry operations. The platform offers industry standard commercial vehicle routing/navigation, mileage and mapping. Learn how you can improve efficiency, safety and reduce operational costs by integrating Trimble Maps into your solutions.</p> <p>Presenter: Steven Kalnitzky</p> <p><i>Operational Planners/Schedulers Transport Operators Transport Planners/Schedulers</i></p>

Time	Access to Experts Post Oak C	Product Showcases Post Oak D-G	Workshops Post Oak B	Special Topics Post Oak A
2:30 - 3:20	<p><b>Sales and Reconciliation of By-Products</b> Learn how to use WeighWiz for tracking shipments and CFBusiness: LIMS for invoicing and reconciliation.</p> <p>Presenter: Piotr Majnusz</p> <p><i>Accountants, Foresters</i></p>	<p><b>How to comply with EUDR</b> Learn how CFX+ can help you to comply with the new regulations.</p> <p>Presenter: Stefan Lorimer</p> <p><i>Inventory Managers, Forest Owners</i></p>	<p><b>CFForest: LRM</b> Learn how to better use features like Auditing, Magic Buttons, DTM, Bulk Updating</p> <p>Presenter: Rajpal Brar</p> <p><i>CFForest; LRM users, Administrators</i></p>	<p><b>Transporeon Solutions</b> Transporeon solutions can be integrated into the Trimble Forestry business to enhance logistics and transportation management. Transporeon provides a platform for digital logistics that can optimize transportation processes, improve visibility, and increase efficiency in supply chain operations.</p> <p>Presenters: Chad Green and Wes Tone</p> <p><i>Transport Operators, Transport Planners/Schedulers, Marketing Foresters (Procurement)</i></p>
3:20 - 3:40	Coffee break at the Greenway Foyer			
3:40 - 4:30	<p><b>What is new in CFForest: LRM</b> Learn about changes in the latest release of CFForest: LRM Desktop and CFForest: LRM Web.</p> <p>Presenters: Rajpal Brar and Alex Aippersbach</p> <p><i>All CFForest: LRM users, Administrators</i></p>	<p><b>Data Management for Reporting</b> Simplifying how you preserve your data and tap into its potential for better reporting and insights</p> <p>Presenter: Radhika Raj</p> <p><i>IT, Accountants, Reporting Specialists</i></p>	<p><b>CFX+ EUDR</b> Learn how to use CFX+ to comply with the new regulations.</p> <p>Presenter: Stefan Lorimer</p> <p><i>Inventory Managers, Forest Owners</i></p>	<p><b>Visions for Success - Customer-Centric Support</b> Introducing the improved Trimble Forestry Support System Visions for Success - Customer-Centric Support</p> <p>Presenters: Ed Lecuyer and Dan Turkington</p> <p><i>IT, Administrators</i></p>
5:30	<b>Dinner</b> at the Greenway Ballroom A&B			

# Thursday, May 15

Time	Access to Experts Post Oak C	Demo Sessions Post Oak D-G	Workshops Post Oak B	Special Topics Post Oak A
7:15 - 8:15	Breakfast at the Greenway Ballroom A&B			
8:30 - 9:20	<p><b>Managing Weight to Volume Conversions</b></p> <p>How to use CFBusiness: LIMS to setup sample frequencies   Random sampling in WeighWiz   Sample expansion and fixed conversions in CFBusiness: LIMS</p> <p>Presenter: Leyla Seytaeva</p> <p><i>Marketing Foresters (Procurement), Scalers, Log Accountants</i></p>	<p><b>Data Management for Reporting</b></p> <p>Introduction to new Trimble tools to: 1. Preserve your data on the cloud for disaster recovery 2. Untap the data backed-up on the cloud for better operational efficiency and scalability 3. Access your data on the cloud and connect to your BI tools to gather better insights</p> <p>Presenter: Radhika Raj</p> <p><i>Data and IT Managers, Accountants, Reporting Specialists</i></p>		<p><b>LandMark Spatial Solutions</b></p> <p>Demo of the latest forest tech tools being used by both CFForest: LRM and CFBusiness: LIMS clients to set-up and carry out forest inventory projects, calculate standing inventory volumes, and integrate that data into day-to-day workflows in CFForest: LRM and CFBusiness: LIMS applications.</p> <p>Presenter: Johnny Thompson, LandMark Spatial Solutions</p> <p><i>Operation and Field Foresters, GIS and ESRI users</i></p>
9:30 - 10:20	<p><b>Expediting Receiving and Shipping with Trip Tickets</b></p> <p>How to create Trip Tickets in CFBusiness: LIMS, or CFX Mobile and receive wood using paper or electronic Trip Tickets.</p> <p>Presenter: Kenneth Ng</p> <p><i>Foresters, Scalers, Carriers</i></p>	<p><b>Inventory on the Platform</b></p> <p>Offering a comprehensive view of inventory from tree to timber, with features for easy location, detailed examination, allocation, measurement, management, data export, and accounting system integration.</p> <p>Presenter: Radhika Raj</p> <p><i>Inventory Managers, Forest Owners</i></p>	<p><b>CFX+ EUDR</b></p> <p>Learn how to use CFX+ to comply with the new regulations.</p> <p>Presenter: Stefan Lorimer</p> <p><i>IT, Administrators</i></p>	<p><b>Process Data Analytics</b></p> <p>Introducing Wedge, Trimble's industry-proven system for data analysis in continuous processes.</p> <p>Presenter: Mika Suojärvi</p> <p><i>Process Engineers, IT</i></p>
10:20 - 10:40	Coffee break at the Greenway Foyer			

Time	Access to Experts Post Oak C	Demo Sessions Post Oak D-G	Workshops Post Oak B	Special Topics Post Oak A
10:40 - 11:30	<p><b>Electronic Approval of Contracts and Settlements</b> Setup Approval Policies, Delegation and separation of duties, Compliance with legal requirements (e.g. SOX)</p> <p>Presenter: Kenneth Ng <i>Accountants, Managers</i></p>	<p><b>Connected Forest®</b> From harvesting contracts to payments. Overview of the usage of integrated products to make contracts, plan and execute the related work and finally pay the stakeholders according to the contracts and reported work in a fluent workflow.</p> <p>Presenter: Juha Käppi <i>Accountants, Forestry Service Providers, Operational Foresters, Forest Equipment Operators</i></p>	<p><b>Data Management 1</b> Get acquainted with our latest cloud data management offering. Discover the products' workflows with a hands-on script guiding you on how to preserve your data on the cloud to make the most of it.</p> <p>Presenter: Radhika Raj <i>Data Managers, IT Managers, Accountants, Reporting Specialists</i></p>	<p><b>LandMark Spatial Solutions</b> Demo of the latest forest tech tools being used by both CFForest; LRM and CFBusiness: LIMS clients to set-up and carry out forest inventory projects, calculate standing inventory volumes, and integrate that data into day-to-day workflows in CFForest: LRM and CFBusiness: LIMS applications.</p> <p>Presenter: Johnny Thompson, LandMark Solutions <i>Operation and Field Foresters, GIS and ESRI users</i></p>
11:40 - 12.30	<p><b>Mobile Builder and Inventory Data Collection</b> Mobile use case for inventory field data collection using Mobile Builder. Future vision is for CFForest: LRM Web to be the bridge for field data to feed into the forestry platform.</p> <p>Presenter: Matthew Greenwood <i>Data Managers, Operational Foresters</i></p>	<p><b>Connected Forest®</b> See how the Trimble Connected Forest bundle works in Europe and how it could apply in North America.</p> <p>Presenter: Juha Käppi <i>Accountants, Forestry Service Providers, Operational Foresters, Forest Equipment Operators</i></p>	<p><b>Inventory</b> Get a sneak peek of the upcoming inventory management application on the platform. Learn about the core features firsthand and discover how you can benefit from a comprehensive, connected view of your inventory across the supply chain.</p> <p>Presenter: Radhika Raj <i>Inventory Managers, Forest Owners</i></p>	<p><b>CFBusiness: LIMS Roundtable</b> Fuel price fluctuations require contract rate adjustments. This session will explore methods to simplify these adjustments and discuss potential improvements to CFBusiness: LIMS to streamline the process.</p> <p>Presenter: Piotr Majnusz <i>CFBusiness: LIMS Users</i></p>
12:30 - 1:30	Lunch break at the Greenway Ballroom A&B			

Time	Access to Experts Post Oak C	Demo Sessions Post Oak D-G	Workshops Post Oak B	Special Topics Post Oak A
1:30 - 2:20	<p><b>CFBusiness: LIMS Case Study</b> How to manage Light Loads (top ups/cleanup), and handle over weight penalties.</p> <p>Presenter: Leyla Seytaeva</p> <p><i>Foresters, Yard Managers, Accounting</i></p>	<p><b>How to comply with EUDR</b> Learn how CFX+ can help you to comply with the new regulations.</p> <p>Presenter: Stefan Lorimer</p> <p><i>IT, Administrators</i></p>	<p><b>Data Management 2</b> Learn how to build rich, insightful reports in your BI tool using forest machine operations data stored on the forestry cloud platform with our carefully curated Trimble APIs.</p> <p>Presenter: Radhika Raj</p> <p><i>Data Managers, IT Managers, Accountants, Reporting Specialists</i></p>	<p><b>CFForest: LRM Roundtable</b> Help shape the future in this interactive session where you will be part of our product roadmap.</p> <p>Hosts: Garry Dalgarno and Matthew Greenwood</p> <p><i>CFForest: LRM users</i></p>
2:30 - 3:20	<p><b>British Columbia Regulations</b> Upcoming Weight Scaling Update for Truck in Yard Process and Forcing Ministry Sample</p> <p>Presenter: Piotr Majnusz</p> <p><i>Weigh Masters, Scalars, Yard Managers</i></p>	<p><b>Centralized User Management</b> Discover how to access our platform applications through a single entry point and efficiently manage your users and their application access from a central interface.</p> <p>Presenter: Radhika Raj</p> <p><i>IT, Administrators, anyone using Trimble Forestry applications</i></p>	<p><b>CFBusiness; LIMS</b> CFBusiness; LIMS Advanced Features: Audit, Mass Update of data, Report Scheduling, Exporting Data, Filter Management, etc. (bring laptops and we give you access and walk you through some of these features)</p> <p>Presenter: Kenneth Ng</p> <p><i>CFBusiness; LIMS Users</i></p>	<p><b>Transporeon Solutions</b> Transporeon solutions can be integrated into the Trimble Forestry business to enhance logistics and transportation management. Transporeon provides a platform for digital logistics that can optimize transportation processes, improve visibility, and increase efficiency in supply chain operations.</p> <p>Presenters: Chad Green and Wes Tone</p> <p><i>Transport Operators, Transport Planners/Schedulers, Marketing Foresters (Procurement)</i></p>
3:20 - 3:40	Coffee break at the Greenway Foyer			

Time	General sessions   Greenway A-B
3:40 - 4:30	<b>Is Cut to Length the Future in North America?</b>   Matt Mattioda, Sr VP CTL Systems / Chief Forester, Miller Timber
4:30 - 4:45	<b>Closing remarks</b>   Kevin Toohill, General Manager, Trimble Forestry
5:30 - 6:00	Bus service to the offsite dinner venue
6:00 - 10:15	<b>Dinner and closing party at The Rustic</b> (Downtown Houston, 1836 Polk St)
9:00 - 10:15	Bus service back to Omni Hotel (last bus 10:15)

## Tech Lab | Westbury Meeting Room

This is a unique opportunity to meet our support team face-to-face and ask them questions about your specific Trimble Forestry application. The Tech Lab will be open on both days, offering an excellent opportunity to drop in and collaborate on finding the best solutions for your needs.
