SCHEDULE

TRIMBLE FORESTRY USER CONFERENCE 2025
MAY 13-15, 2025 | HOUSTON, TEXAS

The program consists of **general sessions** at the beginning and end, with **four simultaneous tracks** between them. You can participate in the sessions of different tracks according to your interests. Also, don't miss out on all the great **networking opportunities** at the Welcome reception, breakfasts, lunches and dinners.

About the Tracks

Access the Experts: Learn the best practices to use LRM and LIMS in your work.

Product Showcases: Learn about Trimble Forestry's latest innovations.

Demo Sessions: See how our latest innovations work in action.

Workshops: Hands-on sessions where you can try out how our latest solutions work. Bring your Windows-enabled laptop.

Special Topics: Roundtable discussions to shape the future of LRM and LIMS. Guest speakers and other interesting presentations.

At the end of each session description, you will see who we think will particularly benefit from that session.

Tuesday, May 13

Time	
From 5	**Registration**
5:30	**Welcome Reception**: Join us for a drink and Hor d'oerves

Wednesday, May 14

Time	General sessions
7 - 9	**Registration**
7:45 - 8:45	Breakfast
9 - 9:20	**Welcome**	Kevin Toohill, General Manager, Trimble Forestry
9:20 - 10:15	**Product Roadmap**	Stefan Lorimer, Sr. Product Management Director
10:15 - 10:30	Coffee break
10:30 - 12	**Product Announcements** Radhika Raj (Platform), Juha Käppi, (Connected Forest®) and Mika Suojärvi (Industrial Data Analytics) present the latest innovations in our product portfolio.
12 - 1:30	Lunch break

Time	Access to Experts	Product Showcases	Workshops	Special Topics
1:30 - 2:20	**What is new in LIMS** Learn about changes in the latest release of LIMS Desktop, LIMS Web and WeighWiz**.** Presenter: Ian Finlay *All LIMS users, Administrators*	**Introducing Inventory Management on the Platform** Discover how you can get a comprehensive view of your inventory across the supply chain with our upcoming inventory management product Presenter: Radhika Raj *Inventory Managers, Forest Owners*	**LRM Web** Migrating to and Using LRM Web Presenters: Garry Dalgarno and Alex Aippersbach *Foresters, Planners, IT*	**Enhancing Forestry Operations with Trimble Maps** Discover how Trimble Maps can enhance your Forestry operations. The platform offers industry standard commercial vehicle routing/navigation, mileage and mapping. Learn how you can improve efficiency, safety and reduce operational costs by integrating Trimble Maps into your solutions. Presenter: Steven Kalnitzky

				Operational Planners/Schedulers Transport Operators Transport Planners/Schedulers
2:30 - 3:20	**Sales and Reconciliation of By-Products** Learn how to use WeighWiz for tracking shipments and LIMS for invoicing and reconciliation. Presenter: Piotr Majnusz *Accountants, Foresters*	**How to comply with EUDR** Learn how CFX+ can help you to comply with the new regulations. Presenter: Stefan Lorimer *Inventory Managers, Forest Owners*	**LRM** Learn how to better use features like Auditing, Magic Buttons, DTM, Bulk Updating Presenter: Rajpal Brar *LRM users, Administrators*	**Transporeon Solutions** Presenters: Chad Green and Wes Tone *Transport Operators, Transport Planners/Schedulers, Marketing Foresters (Procurement)*
3:20 - 3:40	Coffee break			
3:40 - 4:30	**What is new in LRM** Learn about changes in the latest release of LRM Desktop and LRM Web. Presenters: Rajpal Brar and Alex Aippersbach *All LRM users, Administrators*	**Data Management for Reporting** Simplifying how you preserve your data and tap into its potential for better reporting and insights Presenter: Radhika Raj *IT, Accountants, Reporting Specialists*	**CFX+ EUDR** Learn how to use CFX+ to comply with the new regulations. Presenter: Stefan Lorimer *Inventory Managers, Forest Owners*	**Visions for Success - Customer-Centric Support** Introducing the improved Trimble Forestry Support SystemVisions for Success - Customer-Centric Support Presenters: Ed Lecuyer and Dan Turkington *IT, Administrators*
5:30	**Dinner at Omni Hotel**			

Thursday, May 15

Time	Access to Experts	Demo Sessions	Workshops	Special Topics
7:15 - 8:15	Breakfast			
8:30 - 9:20	**Managing Weight to Volume Conversions** How to use LIMS to setup sample frequencies | Random sampling in WeighWiz | Sample expansion and fixed conversions in LIMS Presenter: Leyla Seytaeva *Marketing Foresters (Procurement), Scalers, Log Accountants*	**Data Management for Reporting** Introduction to new Trimble tools to: 1. Preserve your data on the cloud for disaster recovery 2. Untap the data backed-up on the cloud for better operational efficiency and scalability 3. Access your data on the cloud and connect to your BI tools to gather better insights Presenter: Radhika Raj *Data and IT Managers, Accountants, Reporting Specialists*		**LandMark Spatial Solutions** Demo of the latest forest tech tools being used by both LRM and LIMS clients to set-up and carry out forest inventory projects, calculate standing inventory volumes, and integrate that data into day-to-day workflows in LRM and LIMS applications. Presenter: Johnny Thompson, LandMark Spatial Solutions *Operation and Field Foresters, GIS and ESRI users*
9:30 - 10:20	**Expediting Receiving and Shipping with Trip Tickets** How to create Trip Tickets in LIMS, or CFX Mobile and receive wood using paper or electronic Trip Tickets. Presenter: Kenneth Ng *Foresters, Scalers, Carriers*	**Inventory on the Platform** Offering a comprehensive view of inventory from tree to timber, with features for easy location, detailed examination, allocation, measurement, management, data export, and accounting system integration. Presenter: Radhika Raj *Inventory Managers, Forest Owners*	**CFX+ EUDR** Learn how to use CFX+ to comply with the new regulations. Presenter: Stefan Lorimer *IT, Administrators*	**Process Data Analytics** Introducing Wedge, Trimble's industry-proven system for data analysis in continuous processes. Presenter: Mika Suojärvi *Process Engineers, IT*

Trimble.

10:20 - 10:40	Coffee break			
10:40 - 11:30	**Electronic Approval of Contracts and Settlements** Setup Approval Policies, Delegation and separation of duties, Compliance with legal requirements (e.g. SOX) Presenter: Kenneth Ng *Accountants, Managers*	**Connected Forest®** From harvesting contracts to payments. Overview of the usage of integrated products to make contracts, plan and execute the related work and finally pay the stakeholders according to the contracts and reported work in a fluent workflow. Presenter: Juha Käppi *Accountants, Forestry Service Providers, Operational Foresters, Forest Equipment Operators*	**Data Management 1** Get acquainted with our latest cloud data management offering. Discover the products' workflows with a hands-on script guiding you on how to preserve your data on the cloud to make the most of it. Presenter: Radhika Raj *Data Managers, IT Managers, Accountants, Reporting Specialists*	**LandMark Spatial Solutions** Demo of the latest forest tech tools being used by both LRM and LIMS clients to set-up and carry out forest inventory projects, calculate standing inventory volumes, and integrate that data into day-to-day workflows in LRM and LIMS applications. Presenter: Johnny Thompson, LandMark Solutions *Operation and Field Foresters, GIS and ESRI users*
11:40 - 12.30	**Mobile Builder and Inventory Data Collection** Mobile use case for inventory field data collection using Mobile Builder. Future vision is for LRM Web to be the bridge for field data to feed into the forestry platform. Presenter: Matthew Greenwood *Data Managers, Operational Foresters*	**Connected Forest®** See how the Trimble Connected Forest bundle works in Europe and how it could apply in North America. Presenter: Juha Käppi *Accountants, Forestry Service Providers, Operational Foresters, Forest Equipment Operators*	**Inventory** Get a sneak peek of the upcoming inventory management application on the platform. Learn about the core features firsthand and discover how you can benefit from a comprehensive, connected view of your inventory across the supply chain.
